BCRF Partnership

Help Us Find A Cure For Breast Cancer!

Since lighting our first stage 10 years ago, Imagine has always wanted to be more than just a dance competition. We wanted to give every dancer the opportunity dance for a purpose and give back to the world, and that is exactly what we have done. We started by giving the option to dance studios competing with us to donate $5 in lieu every trophy they would have received. In our 2019 season we implemented the “Five for First” program. With this, Imagine Donated $5 for every dance winning first place in their category. The inscription on the back of the 1st place medal is “My Dancing is Saving Lives”. In this same season we made one of our proudest accomplishments by becoming corporate partners with the Breast Cancer Research Foundation.

Breast Cancer has touched the lives of every dance family in one way or another . At every event we humbly present our Thriver Award to anyone who has fought or is currently fighting breast cancer. This award is given to show our support and recognize the hardships of those who have been affected by breast cancer. Nobody should have to fight the breast cancer fight alone. With every event Imagine Dance Challenge puts on, we are growing a community dedicated to raising awareness and support behind those fighting for a cure every day. In the eight years of Imagines’ life, over $250,000 has been raised for the Breast Cancer Research Foundation, and we are just getting started.

Want to help?

Create a team through the Imagines’ page for your studio! click the “join this team button” and get your dancers and families started on helping us reach our fundraising goal! Once you’ve created your studio team, dancers and families can easily donate individually or through events you put on. Every studio that creates a page will be apart of the bigger Imagine Dance Challenge team, creating a community of dancers all working to make a difference and finding a cure!
